3. Barriers to future attainment (for pupils eligible for PP, including high ability)	
In-school barriers (issues to be addressed in school, such as poor oral language skills)	
A.	Children's understanding of number and use of arithmetic are below age related expectations
B.	Children's language and vocabulary skills are below age related expectations. Children's wider life experiences are limited – this has an impact on the range of topics that children can write about.
C.	Participation in school life – poor attendance and lack of parental engagement
External barriers (issues which also require action outside school, such as low attendance rates)	
D.	Persistent Absences

4. Desired outcomes		
	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
A.	PP children to make progress in maths, to at least age related expectations. This will be measured against the most recent national data.	In house assessment and Year 6 SATs shows PP children equalling those not eligible for PP in progress with improvement moving towards +0.5 or above
B.	PP children to make accelerated progress in writing and for this to be in line with the most recent national data	In house assessment and Year 6 SATs shows PP children equalling those not eligible for PP in progress with improvement moving towards +0.5 or above
C.	PP children achieving greater attainment in writing and maths, as well as other foundation subjects, due to improved attendance and greater parental engagement.	80% of all PP children reaching age related expectations or above in writing or maths.
