This model document was updated on **5th January 2021**.

It is being kept under review as updated guidance is published by the Government and reviews of the impact of COVID-19 by Public Health England.

Schools should share the results of their risk assessment with their workforce (including local union representatives). If possible, they should consider publishing it on their website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so).

The [DfE latest documents and guidance webpage](#) is being updated regularly

			<ul style="list-style-type: none"> • PHE will conduct a rapid risk assessment and advise the school on the actions to take including the definitive advice on who must be sent home. Should this be the case PHE will provide a template letter to inform parents and staff. • In line with government guidance school MUST not share the names or details of people with COVID-19 unless essential to protect others • If school should have two or more confirmed cases within 14 days, or there is an overall rise in sickness absence where coronavirus (COVID-19) is suspected, it may indicate an outbreak. Leaders MUST continue to work with their local health protection team who will be able to advise if additional action is required. This may include recommending a larger number of pupil's self-isolate as a precautionary measure. 							
9.	Contingency planning	All pupils and staff	<ul style="list-style-type: none"> • Ensure that contingency plans are in place, being reviewed and updated 				<ul style="list-style-type: none"> • Leaders and governors should devise contingency plans to cover a potential local outbreak. In such an event the PHE health
